

David H. Horner, P.E., PTOE

SUMMARY:

Since 1987 Mr. Horner has participated in and supervised various traffic engineering and traffic planning projects throughout eastern Pennsylvania and New Jersey. Mr. Horner joined Horner & Canter Associates in 1997 as Manager of the Pennsylvania office. Since 1999, Mr. Horner has been a Principal of Horner & Canter Associates.

RELATED EXPERIENCE:

Mr. Horner has participated in and supervised the preparation of various traffic engineering and traffic planning projects including traffic impact studies, site access studies, signal warrant analyses, traffic signal designs, corridor-wide and municipal-wide studies, and Highway Occupancy Permit (HOP) submissions. Since 1994 Mr. Horner has served in the role of Project Manager for these types of projects and in this regard his responsibilities have included coordination of all personnel, schedules, overseeing and reviewing all technical aspects of the project including the preparation of reports and correspondence and coordination with clients and public agencies. Mr. Horner has been recognized as a traffic-engineering expert before both planning and zoning boards/commissions in both Pennsylvania and New Jersey.
